I needed to rent a large screen with a powerful HD projector and speakers for a corporate client. My friend recommended Shaun and Mitey AV to me. We got everything delivered as we ordered, and their equipment set-up crew did a great job. The event was a total success. We'll use Mitey AV for our next event. We have used a few other local companies and they all pale in comparison to this company. The owner of the company was there, he helped with the whole event. Other companies just don't do that. Carl and his wife were the best price in town by a lot. The service I received was five stars. When I had an issue they were very quick to react and ensured the job was done properly and professionally.

Gave me a really good deal on the equipment I needed. I was able to rent a two projectors, 2 65 inch TVs, and four speakers for a cheaper price than anyone else could offer. They came professionally dressed and worked extremely professionally while they set up the equipment and spent the time explaining how it works. They came on time and did exactly as promised. We will definitely use them from now on. The best AV rental company in New Orleans.

We recently rented 6 wireless microphones from Mitey AV for a conference at a local hotel. I was very impressed to find that each case included 2 batteries which were enough for our entire performance. They delivered and picked up equipment as scheduled. The Tech was dressed very professional with a button-down company shirt. Very impressive. Overall a pleasure to work with. Recommend!

Was not sure how to do a zoom meeting for my company. Mitey AV is so wonderful and easy to work with. They were able to accommodate us last minute and had the equipment to stream it for a live Zoom event. They are professional and all around wonderful. Hiring them was the best decision we made.

After another AV company left me hanging at the last minute due to some BS excuse, Mitey AV came through and saved the day. I called them at 8:30 pm and Shaun the owner took my call and had everything delivered and setup at 8am the next morning. Totally professional, and very efficient. The Projector looked awesome, and his prices are the lowest I have ever paid for a projector of that caliber, and I rent projectors for work a lot!

This is my third time using Mitey AV. This place offers great products at a super fair price, with professional and friendly service. I wouldn't use any other AV company for a projector, screen, and microphone/speaker. This place is the best!

We had a great event in New Orleans. Glad we finally made it to town. Mitey AV was almost 65% less than the hotels AV quote! They charged very reasonable rates for the projectors and LED monitors we used for presentations. Don't pay hotel rates!! Mitey AV was one of the most professional and fairly priced AV company we have ever contracted with. See you again in December!! I hope!!

Had an awesome experience. Reached out to secure a specific type of projector, they accommodated at a great price point. On the day of the event, we had a last minute change which required a different piece of equipment. They made the change happen swiftly even though it was our fault, and the event happened without a hiccup.

Shaun as amazing to work with and so very accommodating. We were having a celebration of life for my Father and needed a big screen TV to show all of the pictures over the years. He personally worked with me and the event mgr and the Club and everything was seamless. He is delightful to work with and I will call him again when the need presents itself.

I called Shaun less than a week before our event and he was able to make magic happen! We were so pleased with his level of service, pricing, and incredible customer service. We would highly recommend him to anybody! Shaun takes great care of his customers and conducts business professionally. Thank you Shaun for helping make our event go off without a hitch!!

We used Mitey AV for our wedding and they were fantastic every step of the way. They knew exactly what equipment to provide and how to set it up swiftly. Their sound technician stayed on site the entire day and made sure everything ran smoothly. Can't recommend these guys enough - we plan to use them for all future events in New Orleans.

Thank you so much for all your work helping to make my fathers funeral a success. Myself, and all my family are very appreciative of everything you and Mrs. Lindsay did for us. We wish you the best! This is a company I would use again.

I was a little apprehensive after reading all the great reviews, wondering if they were all real. I WAS PLEASANTLY SURPRISED! I really wanted to rent from a more local company, online a lot of the companies are not local they ship the equipment in, and they are expensive. I'm absolutely astonished by how professional this company is. Amazing communication, amazing equipment, a thorough technician who made me feel comfortable using the equipment- you guys truly made my meetings this past weekend incredibly easy and enjoyable. You have no idea! Cannot wait for my next quarterly meeting.

Mitey AV is a great company, run by a husband-and-wife team with an excellent crew. We hired them for our yearly company event. We used a screen, projector, speakers, and connected it to our equipment. What a lovely bunch, I highly recommend them if you need AV equipment for whatever reason. Thanks

If you are in need of professional Audio/Visual Services at a reasonable price, I highly recommend Mitey AV, LLC. They visited the venue where we were planning to have our Anniversary Party to assess our A/V needs and coordinate their plans with the venue management. The day of the event, Mitey AV delivered and setup several 65" TV monitors and a complete sound system with multiple speakers. I credit Mitey AV for playing a big role in helping to making the party a success. The owner, Shaun McCarron, is very conscientious and took a personal interest making sure our event would have the necessary A/V equipment. We found Mitey AV, LLC to be very knowable and professional, producing a very positive experience. We will call them any time we have a need for Audio / Visual Services and suggest that you do the same.

We hired Mitey AV for an event and they went above and beyond for us! We are extremely pleased with the quality of the LED Screens and their stands, quick setup, and excellent customer service. The room looked amazing, and execution of the event was flawless. Highly recommended for corporate use, and we look forward to working with Mitey AV again!

Mitey AV provided a podium, Speaker and microphone for an event we hosted in the lobby of an office building. The team was incredibly easy to work with from start to finish, providing sample photos of past setups in similar spaces. They stayed for the duration of the event to monitor audio. Great JOB!

If you ever need to rent a projector and screen or rent audio equipment this company is for you. We needed a full set up for next day presentation in New Orleans and only had one day to find a company for what we needed. Shaun and his staff at Mitey AV provided projector, screen, stage, microphone, and speaker delivered and set up next morning. Price was unbeatable! We had 5 Quotes, and his was SIGNIFICANTLY less, plus we had great service and communication. Thank so very much! You Saved the day and my neck!! 😊 We will use you again, as soon as this whole Covid mess clears up!
